

## CONFERENCE EQUIPMENT

### KFP FIVE STAR CONFERENCE SERVICE

Your partner for audio-visual conference technology at the Radisson Blu Hotel, Hamburg Airport

KFP is the leading business process outsourcing partner for audio-visual conference technology in Germany and supports international hotel chains and companies with relevant conference facilities.

We offer you as responsible meeting planner or guest high levelled individual services. AV professionals advise you during all phases of conception, budget-calculation and give you direct support during your events on-site. As AV media expert KFP guarantees state-of-the-art technology and full functionality.

- Do you need a power point presenter?
- Are you planning a conference with worldwide live streaming?
- Do you want to initiate a last minute HD video conference?
- Do you need creative input for your stage layout or lighting concept in corporate design?
- Or we assist with network computers for interactive applications?

KFP looks back at a long year history with working in hotels and therefore knows all technical challenges on-site and offers individual and adapted equipment. Furthermore we have the possibility to create you a 3-D and specially created overview of your event as well as a complete all-round solution. This will save you time, hassle and keeps your budget to the minimum.

**We are looking forward to you challenging us.**
