

EXPERIENCE ZAMBIA WITH BLU

If you're not from here and you're looking for the ultimate safari experience we have just the place for you!

Ila Safari Lodge is a beautiful brand new luxury 10-tent camp located on the banks of the Kafue River just minutes away from the Kafue National Park. Only a 3 hour drive from the hotel.

The lodge offers a fully off the grid experience, not only does it run off solar but so does their

boat and their landrover. Can you imagine a silent safari?

We are pleased to choose Ila Safari Lodge as our safari partner and take no hesitation in recommending the lodge to our clients. Their accommodation & service is no doubt in line with Radisson Blu's hotel standards.

KALIMBA REPTILE PARK

Are you a fan of the cold-blooded scaly reptiles?

Well, Kalimba is only 20km away from our hotel.

A guide will take you around to view the snakes

& crocodiles, play some crazy golf; mini football; volleyball and fish in their angling ponds. The fishing is free and basic rods are provided at no charge.

Any fish caught and kept are paid for at the current rate per kg. Worms are available from their staff.

LUSAKA NATIONAL PARK

Only 20km from the CBD you can experience some of Zambia's resident wildlife with more than 1,000 species found in the park.

Meet the white rhino, a beautiful pair being helped through in an attempt to help Zambia's Rhino conservation. Drive through the park and you will see giraffe, eland, hartebeest, zebra, sable, kudu, blue wildebeest, waterbuck, black lechwe, impala, puku, bushbuck, reedbuck, warthog, pangolin, and axis deers.
